

## **CODE MODIFICATION TO DAFR6370 (STATEWIDE EXPENDITURES)**

The following software modification will be in production on October 21, 1999.

MAIN has made a report enhancement to DAFR6370 that will allow for a page break by agency. For security reasons, users could not view their full report if the first or last page of their report was included with another agency.

This page last updated 06/18/2001 10:42:04.
